

SUSTAINABLE PROCUREMENT

November 2021

In OKNygaard we have chosen to use the term “sustainability” instead of “corporate social responsibility” or “CSR”.

Sustainability is part of our way of doing business. It is part of our behavior; both as an employer, as a company and as a part of the surrounding society - locally, nationally and worldwide.

Sustainable profitability is a key element of our strategy. We want to show that OKNygaard provide services that are profitable, have a positive social impact and are both environmental and climate friendly. We want to show that it is not necessary to compromise on profitability in order to be sustainable.

As part of our efforts, we have identified a number of areas which we consider essential to maintain a sustainable cooperation.

We have chosen to divide our suppliers into 4 categories of sustainability:

- SUSTAIN
- GREEN
- LIGHT GREEN
- FAIR

The areas of action are presented in the following table. All of the selected areas must be documented.

As something completely new, we are now introducing an annual evaluation of cooperation with our key suppliers. An evaluation which of course focuses on quality, logistics and price levels, but also includes elements of sustainability.

We work with the following supplier categories:

	SUSTAIN	GREEN	LIGHT GREEN	FAIR
PEOPLE				
Meet the demands in the danish labor market agreement for our industry				
Work purposefully to prevent discrimination				
Meet regulatory requirements for machines, certificates and training and allows OKNygaard to conduct audits at the same level as in a work environment audit				
Have a policy on alcohol and smoking				
Are ISO 45001 certified				
Have students or apprentices				
Conduct annual well-being measurements among employees				
Have at least one collaboration, partnership or similar with civil society				
Improve labor market outcomes for people with a weak connection to the labor market				
Have a senior policy				
Other you can contribute				

Table continues on the following page

	SUSTAIN	GREEN	LIGHT GREEN	FAIR
ENVIRONMENT

Other you can contribute				
EVALUATION				
Accepted annual evaluation of trade and sustainability	■	■	■	

This agreement on Sustainable Cooperation is an appendix to the trade agreement between the Parties and shall apply from the date specified in the trade agreement.

The agreement may be terminated in accordance with the same guidelines as agreed in the trade agreement.

The parties have chosen that the sustainable cooperation at least meets the efforts in the category:

(Tick)

SUSTAIN	GREEN	LIGHT GREEN	FAIR

The agreement is made between the following parties:

<p>OKNygaard:</p> <p>Name _____</p> <p>Date _____</p> <p>Signature</p> <p>_____</p>	<p>Supplier:</p> <p>Name _____</p> <p>Date _____</p> <p>Signature</p> <p>_____</p>
